

## THE FERRY INDUSTRY IS POISED TO REBOUND IN 2022

**Marine Log is excited to announce that the 34th Annual Ferries Conference will be a live in-person event taking place in the New York City area on November 9-10, 2021**

Marine Log's Annual FERRIES Conference is an opportunity for the ferry and passenger vessel industry to come together for the first time in **more than a year** to share experiences, network, look for new suppliers and reconnect with existing suppliers.

This means it is an opportunity to put your company at the center of the action through sponsorships designed to provide maximum return on your investment.

As the U.S. ferry industry gets back into operation, owners will be paying more attention than ever to the bottom line as they strive to recoup COVID-19 losses. This will create a demand for new, innovative and cost-effective solutions.
