

SHIP REPAIR USA

PRESENTED BY MARINE LOG

JUNE 20 & 21, 2023

NEW ORLEANS, LA

Smarter Repairs. Smarter Operations.

Ship Repair USA will bring together ship repair facilities and vessel owners and operators to discuss reasons why operators select specific yards, how to meet environmental and economic goals, and ways to keep vessels compliant and competitive through a ship's lifespan of repairs, upgrades, retrofits, repowers and conversions.

KEY TOPICS

- The selection process: How to choose a repair yard that fits your needs
- Repair contracts: What to insist on and what to be flexible on
- Small shipyard grants—Experiences with the process
- Title XI financing and the repair yard
- Green repairs: How can repair yards benefit in the push to go green?
- What's next for vessel compliance and how yards can help
- Coatings choices, surface prep and coatings application
- What can be accomplished afloat and what requires a haul out?

TARGET AUDIENCE

- Vessel owners and operators
- Inland, coastal and government repair yards
- Naval architects and marine engineers
- Ship repair and drydocking professionals
- Vessel suppliers
